KUALA LUMPUR: Nasran Omar, the deputy accountant-general (corporate) at the Accountant-General's Department, has been appointed as the new accountant-general, effective tomorrow.

The department, in a statement today, said Nasran will replace Datuk Zainani Jusoh, who retires tomorrow.

It added that Nasran's appointment letter was presented by Chief Secretary to the Government Tan Sri Shamsul Azri Abu Bakar in Putrajaya yesterday.

A graduate with a Bachelor of Accounting from Universiti Putra Malaysia (UPM) and a Master of Business Management from Universiti Teknologi Malaysia (UTM), Nasran also holds professional memberships with the Malaysian Institute of Certified Public Accountants (MICPA), Malaysian Institute of Accountants (MIA), and the Chartered Institute of Public Finance and Accountancy (CPFA) in the United Kingdom.

Nasron Omar appointed as new accountant-general

The statement said Nasran joined the public sector in 1994 as an assistant director in the department's Accounting Standards Section and has served at various levels in the state and federal governments.

"Among them are the Melaka state treasurer, the Home Ministry, International Trade and Industry Ministry, the Transport Ministry and the Education Ministry," it added.

The department said Nasran has expertise in handling public sector accounting and finance, including state account management, accounting operations, fund management and auditing, forensic accounting and the preparation of financial statements.

Prior to being appointed as deputy accountant-general (corporate), Nasran served as director of the department's Central and Agency Operations Services Division, which manages government cash flow and prepares the Federal Government Financial Statements, from 2023 to 2025.

According to the department, Nasran is also a member of the MIA and has extensive experience in developing government accounting systems.

"He has contributed his expertise in developing the Islamic Accountancy Standards for the Baitulmal, Zakat and Wakaf (PPIBZW) that was developed by the department," it said, adding that PPIBZW is the first Islamic accountancy standard in the world, which places Malaysia as a leader in public sector accountancy and finance at the global level.
